It is observed that in the statement of incomplete works for which appro-priations are asked for by the Chief Engineer, the provision for items Nos 2 & 4, may be reduced to Rs 5000/& 6000 respectively, thus bringing down the total appropriation in the State-ment to Rs 19,045. Items 2, 3 & 4 in the margin above may stand as they are comparatively small the amounts required

The total appropriation thus comes to Rs 25,168 which would leave nearly Rs 5000/ out of the Sanctioned allot-ment of Rs 30,000/ in the State Fund Budget. The Expenditure under the heads 5 & 6 will have to may be cut down so as to bring the same within the

the available balance
